

# SEAMAN [COURSE CODE - (ST)]

## TRAINING

From the ancient days till today, Shipping by Ocean remains the most efficient and cost effective mode of transportation used by the global trading community. With the increase in exports and imports between countries, the number of ships operating across the globe has already crossed one lakh and is still growing. Relatively, the requirement of marine personals has been increasing day by day.

A Modern ship consists of a host of complex and sophisticated machinery. The role of the Seaman is to assist the officers, and maintaining the machinery safely and efficiently which requires a high skill and expertise. The training shapes a simple man in to a professional Mariner.

**About Seaman Training:** The Seaman Course aims to equip you with the Knowledge, Skills and Attitude required to work on ship as a Ordinary Seaman. The Course is a tightly structured one which you will complete in six months. The syllabus, which is in the form of Training to be mastered, is laid down as per the International Maritime Organization. The Syllabus lays down in great detail with shipping knowledge and training in each subject in classrooms, laboratories and workshops.

**Training Syllabus:** Training Covers the Theory & Practical in Workshop Practice, Practical Seamanship, Nautical Terms, Work knowledge in lifting devises, Fire Fighting, Anchoring, Mooring, Rigging Operations, Watch Keeping, Basic Engineering, Ship Maintenance, Clean Ship, Galley Work. Computer Literacy, Personality Development, Swimming Classes, Boating Schedules, Visits to the Ship, Audio Visual Shows on Various Technical Issues.

**Training Duration:** 6 Months.

**Documents Issued:** Standard Training Certificates of Watch Keeping STCW and Foreign CDC.

\*Applicant who wants Indian CDC shall pay extra fee towards the GMDSS and Indian CDC.
